

DELIVERING MORE THAN PAINT

SHOPLOGIC ESTIMATE REVIEW

UNLOCK THE FULL VALUE OF EVERY REPAIR JOB

Introducing NCS/SSI's Shop Logic Estimate Review service—an easy-to-use solution designed to ensure your collision repair estimates capture everything the job is worth. **Simply submit your estimates, and we'll review labor operations, parts, and materials, providing actionable insights to identify missing or overlooked items.** With ShopLogic we can assist you in getting paid for the scope of repairs, boosting your bottom line and increasing revenue for your shop.

ENHANCED ACCURACY:

Identify and recover missed labor, materials, and refinish costs.

ADDED EFFICIENCY:

Reduces back-and-forth with insurers and estimate revisions.

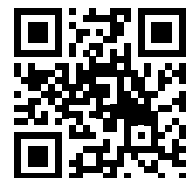

INCREASED PROFITS:

Boost revenue with better estimates and materials management.

SHOPLOGIC

ESTIMATE REVIEW PROCESS

Boost your estimate accuracy with Shop Logic Estimate Review—quick, easy, and hassle-free! Our streamlined process helps you capture every detail effortlessly, saving you time and reducing costly revisions. Seamlessly compatible with CCC One and Mitchell estimating systems—no rekeying required.

Audatex users? No problem! Simply submit your estimates for a manual review.

HERE'S HOW IT WORKS IN THREE SIMPLE STEPS:

1 BUILD YOUR ESTIMATE

Prepare your collision repair estimate as usual, outlining all necessary operations, parts, and materials.

2 UPLOAD FOR REVIEW

Submit your estimate to Shop Logic at mycrash.net for expert analysis.

3 RECEIVE EXPERT SUGGESTIONS

Shop Logic returns your estimate with tailored updates and insights to ensure All operations and materials are accounted for.

1 ESTIMATE REVIEW

\$99⁰⁰

Choose a single estimate review for a straightforward solution as you need it

3 ESTIMATE REVIEW

\$250⁰⁰

Save with our bundle of three estimate reviews—perfect for shops looking to maximize value while streamlining multiple repairs.

INTERESTED IN ESTIMATING TRAINING

NCS's program educates body shops on accurate estimating practices, ensuring long-term improvements in billing accuracy and profitability.
